

Name _____ Date _____

Title:

Statement of the Problem:

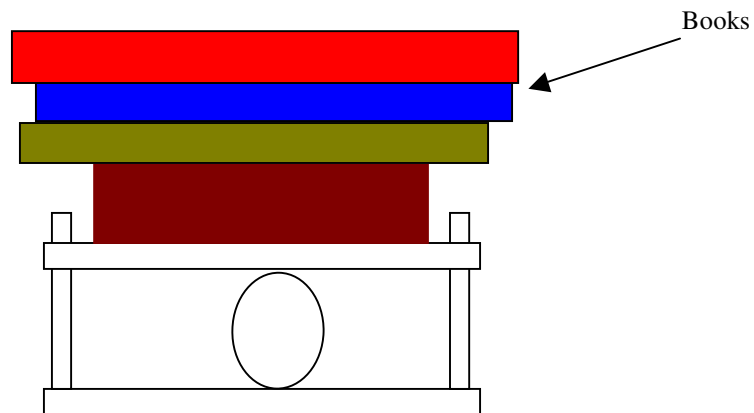

Hypothesis:

Materials:

Raw Eggs
Egg Crusher Apparatus
Paper towels (to clean up if needed)
Books
Plastic Bag
Scale

Procedure:

- 1) Place an egg in a plastic bag
- 2) Place the egg in the cradle with the pointed end down.
- 3) Construct an egg crushing apparatus as diagrammed below.

- 4) Slowly add books one at a time until the egg cracks.
- 5) Weigh the books needed to crack the egg
- 6) Repeat with the egg pointing up
- 7) Repeat with the egg on its side.

Results (Data):

	Pounds of Books
Egg Pointing Down	
Egg Pointing Up	
Egg on Side	

Conclusion:

Horizontal lines for writing the conclusion.
